

# Roasted Smoked Garlic

## How to do it

Preheat the oven to 200C / Gas 6.

Find some kitchen foil or baking parchment and cut in to squares big enough to individually wrap your garlic bulbs. If using the paper, you'll also need some string. Parcel string is good but make sure it's not plastic otherwise it will melt.

Cut off the top of each garlic bulb and place in the centre of your paper or foil.

Drizzle with some olive oil and sprinkle with salt and black pepper.

Wrap up the garlic and tie the top of the parcel (if using paper) with the string.

Place in an ovenproof dish.

Bake in centre of the oven for 30- 40 minutes or until soft.

Allow to cool slightly and slip out the soft garlic cloves with the point of a small knife.

Eat!
