

# Turkey, Brie & Cranberry Sandwich

## Method

First choose your bread. It could be a couple of nice slices of crusty bloomer, sourdough or even a baguette. Spread the bread liberally with butter then slice up some Brie, or any of your favourite creamy cheese and lay it on the bread. Place generous slabs of cooked turkey on top, spoon on liberal amounts of cranberry sauce (although we prefer lingonberry), season with salt and black pepper. Put the second slice of bread on top and eat.

## Ingredients *(make as many as you like)*
